How many players at a time? __________________

Please draw out the boundaries to your game and include any equipment that is stationary (including goals, bases, etc.).

Please explain how your game relates to the components of fitness and why is it important to participate in this activity.

Things to remember:
• You want as many people active as possible!
• Is it fun?
• Is it safe?
• How does it relate to the components of fitness?
  o Which components does it include?
• The more detail you write the better.
